## **Bailando en tierra de nadie (Spanish Edition)** Claudio Campagna

“Escribí este libro en parte con la idea de explorar la posibilidad de que la actual falta de efectividad en las acciones de la conservación de especies se deba a que la esencia de una extinción no se capta con el lenguaje del ambientalismo bajo el desarrollo sostenible. Es tan imposible de comprender para mí que estemos aceptando la marcha de las extinciones anunciadas que la frustración motivó la exploración teórica del problema. Escribí también para los convencidos de que la necesidad de salvaguardar especies se crea mostrando la utilidad que la diversidad biológica ofrece al ser humano; ¡claro que lo hice con la esperanza de que abandonen esta idea! Escribí para los conservacionistas de especies que confían en el poder del discurso como motor de cambio... ¿Existen? De existir, se trataría de una minoría silenciosa que no conozco; ¿tal vez este libro abra la opción de un encuentro? De no existir esos conservacionistas, el libro tendría entonces un interés fundacional como nueva disciplina aplicada a la conservación. Finalmente, escribí para los que hemos perdido confianza en la opción de revertir la crisis de la biodiversidad con el modelo del desarrollo sostenible. Ese modelo habría agravado la crisis y desalentado la gestación de otros modelos.”
