## **The Legacy of Boadicea: Gender and Nation in Early Modern England** Jodi Mikalachki

*The Legacy of Boadicea* explores the construction of personal and national identities in early modern England. It highlights the problems and anxieties of national identity in a nation with no native classical past. Written in an accessible style, *The Legacy of Boadicea*:

- \* offers powerful new readings of the ancient British past in Shakespeare's *King Lear* and *Cymbeline*
- \* persuasively illuminates a 'Boadicean' heritage in royal iconography, drama, and the social symptoms of religious dissent
- \* articulates parallels between the eventual domestication of Britain's warrior queen in Restoration drama, and the social, political and legal decline in the status of women.
