The Peopling of British North America: An Introduction Bernard Bailyn

In this introduction to his large-scale work *The Peopling of British North America*, Bernard Bailyn identifies central themes in a formative passage of our history: the transatlantic transfer of people from the Old World to the North American continent that formed the basis of American society. *Voyagers to the West*, which covers the British migration in the years just before the American Revolution and is the first major volume in the Peopling project, is also available from Vintage Books.
