Francis of Assisi and His "Canticle of Brother Sun" Reassessed (The New Middle Ages) Brian Moloney

In his fairly short life - he lived from 1181 or 1182 to 1226 - Francis of Assisi wrote relatively little, but he taught, preached and lived so influentially, so charismatically, that his voice still speaks to us across the centuries. His *Canticle of Brother Sun* has been paid little attention by literary critics, despite being one of the first known works of literature in the Italian language. Bringing the skills of a literary historian to the subject, Brian Moloney comments on the canticle line-by-line and considers its genesis to reveal it as a carefully composed work of art, rather than as a spontaneous effusion of feeling.
