## **O som dos acordes (Portuguese Edition)** Lulu Martin

Esta obra é o resultado de uma vida inteira da prática musical do autor, que começou com os seus estudos na Berklee College of Music, renomada escola de música popular e jazz em Boston, EUA. Foi feito com a intenção de organizar e facilitar o estudo das diferentes tonalidades musicais e para a melhor compreensão das relações entre escalas e acordes. A música contém basicamente três elementos: a melodia, a harmonia e o ritmo. Destes três elementos fundamentais, o estudo da harmonia é o conhecimento que mais apresenta regras de composição. O piano é o principal instrumento musical para estudar acordes e inversões, com suas regras de construções e relações. Ele facilita a visualização dos acordes, e por isso ele deve ser o segundo instrumento de qualquer músico. Portanto este livro oferece subsídio a todos os músicos para o estudo das diferentes formações de acordes (e suas inversões) com todas as variações de qualidade de som que as tonalidades oferecem. O som dos acordes é um condensado do conhecimento musical de Lulu Martin adquirido ao longo de sua vida profissional. São exercícios ensinados por professores, pianistas amigos, intuições musicais. É um trabalho bem estruturado, que fará uma diferença positiva no conhecimento dos estudantes e profissionais de música.
