Shelagh Heffernan

Sovereign Risk Analysis (RLE Banking & Finance) (Routledge Library Editions: Banking & Finance)
Shelagh Heffernan

Directed both at students of international finance and practitioners in the field, the book stresses the importance of treating the analysis of sovereign risk in a more general framework than is typically the case, identifying the components of both the demand and supply of sovereign loans.

The author also discusses the link between the unique aspects of sovereign lending, the interdependence of the international banking system and the potential instability in the world financial system.
