Swift Justice (Aviation) Nigel Walpole

The Supermarine Swift was rushed into service with the RAF during 1954 to become Britain's first second-generation jet fighter. In this role it was not deemed a success and has been burdened with a bad reputation since that time. It was eventually replaced by the famous Hawker Hunter that had been extensively delayed because of teething troubles. This book covers the development and operational history of a vital aircraft that is a part of aviation legend.
