We have carefully selected many stories and applied them to the characters.

We have not done this to present a picture of perfection, but rather, one of motivation and inspiration. The attitudes, affections, and ideas these characters portray may help us capture the overall view of some of the problems, challenges, and goals of visiting teaching.

We sincerely hope that you will find these messages comforting and challenging.

As we struggle in our personal callings as visiting teachers, we are continually renewed and strengthened by you, our sweet and noble sisters.
