Immunoendocrinology in Health and Disease

Vincent Geenen

Immunoendocrinology in Health and Disease Vincent Geenen

One of the first comprehensive references dealing specifically with this new field of interdisciplinary research in medicine, *Immunoendocrinology in Health and Disease* offers a full scientific picture of where the immune and neuroendocrine systems intersect—placing current understanding of system components, mechanisms, and functions side by side with clinical results illustrating the many ramifications of their interaction in human health and disease management.
