Celia Wird and her three sisters are just like other 20-something girls—with one tiny exception: they're products of a backfired curse that has given each of them unique powers that make them, well, a little weird...

The Wird sisters are different from every race on earth—human *and* supernatural. When human society is no longer an option for them, they move in among the resident vampires, werebeasts, and witches of the Lake Tahoe region. Could this be the true home they've longed for? Um, not quite. After the sisters accidentally strip a witch of her powers in a bar brawl, they soon realize the mistake will cost them. Because to take on a witch means to take on her coven. And losing the battle isn't an option.

Includes a preview of the first full-length novel in the Weird Girls series, *Sealed with a Curse*—as well as introductions to the Weird World, and a letter from the author.
