Lavoro & allatto: 24 (Educazione pre e perinatale) (Italian Edition) Tiziana Catanzani

In Italia ancora oggi la maternità è percepita come fatto privato nonostante nei principi teorici si affermi il contrario. A fronte di una legislazione in materia di tutela dei diritti delle lavoratrici e dei lavoratori tra le più avanzate del mondo, nel nostro paese è drammaticamente alta la percentuale delle donne che smette di lavorare dopo la nascita di un figlio e la maternità è al primo posto tra le cause di tale abbandono. Tra le “sopravvissute” che fine fa l’allattamento?

Lavorare e proseguire l’allattamento si può!

Basta conoscere alcune fondamentali regole di buonsenso e di organizzazione per gestire la separazione dal neonato, il suo affidamento ad altri familiari e/o all’asilo, la sua nutrizione in assenza della mamma.

In questo manuale una consulente professionale in allattamento materno IBCLC risponde in modo semplice e diretto ai tuoi dubbi più frequenti:

- Posso tornare a lavorare dopo la nascita del bambino e continuare ad allattarlo?
- Come faccio a tirarmi il latte sul posto di lavoro?
- Il latte materno può essere conservato?
- Il biberon è necessario?
- La legge italiana sostiene in modo concreto la mia scelta di allattare?

Hai tra le mani la prima guida pratica che offre alle mamme lavoratrici informazioni e suggerimenti per una gestione serena dell’allattamento senza dover rinunciare al lavoro.
