**Educação e letramento (Portuguese Edition)** Maria do Rosário Longo Mortatti

Atualmente, há cerca de vinte milhões de analfabetos no Brasil, resultantes de um processo histórico longo, com lutas políticas e ideológicas mal resolvidas. Ao cidadão talvez pareça natural a idéia de que o Estado tem o dever de propiciar a todos os indivíduos, por meio da educação, o acesso à leitura e à escrita, como uma das principais formas de inclusão social, cultural e política e de construção da democracia. Nesta obra, a autora aborda conceitos como alfabetização e analfabeto, até sua gradativa substituição por expressões e noções como letramento e iletrado. Analisa a trajetória percorrida e o esgotamento de determinadas possibilidades teóricas e práticas no campo educacional evocando meios para sua superação, bem como para o resgate da dívida histórica com os excluídos da participação social, cultural e política no Brasil.
