eWork and eBusiness in Architecture, Engineering and Construction: ECPPM 2014

eWork and eBusiness in Architecture, Engineering and Construction: ECPPM 2014

In the last two decades, the biannual ECPPM (European Conference on Product and Process Modelling) conference series has provided a unique platform for the presentation and discussion of the most recent advances with regard to the ICT (Information and Communication Technology) applications in the AEC/FM (Architecture, Engineering, Construction and Facilities Management) domains.

ECPPM 2014, the 10th European Conference on Product and Process Modelling, was hosted by the Department of Building Physics and Building Ecology of the Vienna University of Technology, Austria (17-19 September 2014). This book entails a substantial number of high-quality contributions that cover a large spectrum of topics pertaining to ICT deployment instances in AEC/FM, including:

- BIM (Building Information Modelling)
- ICT in Civil engineering & Infrastructure
- Human requirements & factors
- Computational decision support
- Commissioning, monitoring & occupancy
- Energy & management
- Ontology, data models, and IFC (Industry Foundation Classes)
- Energy modelling
- Thermal performance simulation
- Sustainable buildings
- Micro climate modelling
- Model calibration
- Project & construction management
- Data & information management

As such, eWork and eBusiness in Architecture, Engineering and Construction 2014 represents a rich and comprehensive resource for academics and professionals working in the interdisciplinary areas of information technology applications in architecture, engineering, and construction.

From reader reviews:

Perry Payne:

As people who live in the actual modest era should be change about what going on or details even knowledge to make these individuals keep up with the era which is always change and move ahead. Some of you maybe may update themselves by examining books. It is a good choice for yourself but the problems coming to anyone is you don't know which one you should start with. This eWork and eBusiness in Architecture, Engineering and Construction: ECPPM 2014 is our recommendation to make you keep up with the world. Why, since this book serves what you want and need in this era.

Pam Gray:

Do you one of the book lovers? If yes, do you ever feeling doubt when you are in the book store? Attempt to pick one book that you just dont know the inside because don't judge book by its protect may doesn't work the following is difficult job because you are frightened that the inside maybe not because fantastic as in the outside look likes. Maybe you answer could be eWork and eBusiness in Architecture, Engineering and Construction: ECPPM 2014 why because the wonderful cover that make you consider in regards to the content will not disappoint you actually. The inside or content is definitely fantastic as the outside or even cover. Your reading 6th sense will directly make suggestions to pick up this book.

Bethany Archie:

You could spend your free time to study this book this guide. This eWork and eBusiness in Architecture, Engineering and Construction: ECPPM 2014 is simple to bring you can read it in the area, in the beach, train along with soon. If you did not have much space to bring the actual printed book, you can buy the particular e-book. It is make you better to read it. You can save typically the book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.

Paulette Preston:

What is your hobby? Have you heard in which question when you got students? We believe that that issue was given by teacher with their students. Many kinds of hobby, All people has different hobby. So you know that little person including reading or as examining become their hobby. You have to know that reading is very important in addition to book as to be the thing. Book is important thing to provide you knowledge, except your own teacher or lecturer. You see good news or update about something by book. Amount types of books that can you choose to use be your object. One of them is this eWork and eBusiness in Architecture, Engineering and Construction: ECPPM 2014.
