**How far will he go to save his daughter? How far will he go to get revenge?**

It's 2053 and climate change has left billions homeless and starving - easy prey for the pandemics that sweep across the globe, scything through the refugee populations. Easy prey, too, for the violent gangs and people-smugglers who thrive in the crumbling world where 'King Death' reigns supreme.

The father's world went to hell two years ago. His four-year-old daughter was snatched from his garden when he should have been watching. The moments before her disappearance play in a perpetual loop in his mind. But the police aren't interested; amidst floods, hurricanes and global chaos, who cares about one more missing child? Now it's all down to him to find her, him alone . . .
