## STONY MAN

In the covert world of clandestine operations, Stony Man is the President's deniable expendable—a ready-reaction force that officially doesn't exist. For this elite fighting team, there's no glory, just the knowledge that a successful mission means one less threat...for the moment. But now a traitor in America's military has made a deal that could alter the balance of power in the West....

## RAMROD INTERCEPT

It's the next step in silent, invisible warfare and now the Ramrod Intercept technology has fallen into the hands of America's most virulent enemies. The head of a black ops U.S. military facility has made a deal with an exiled Sudanese general, a monster willing to share the weapon's destructive capabilities with an army of terrorists in exchange for shock troops on his blood march to take Khartoum. Stony Man's grim three-way mission: find the traitor, stop a devastating coup and retrieve America's secret weapon.
