Mineral Nutrition of Animals: Studies in the Agricultural and Food Sciences (Studies in the agricultural & food sciences) V. I. Georgievskii, B. N. Annenkov, V. T. Samokhin

Mineral Nutrition of Animals reviews the research on the mineral nutrition of animals. This book explores the biological function and metabolism of minerals in the body, as well as mineral feeding of various species of farm animals. Topics range from water metabolism and mineral composition of feeds to the physiological role of macroelements such as calcium and potassium and microelements such as iron and copper.

This text is comprised of 16 chapters; the first of which provides a historical overview of the science of mineral feeding of animals; mineral elements and their function in animal nutrition; and mineral feeding of animals under industrial conditions. The chapters that follow present general information on minerals, describe the link between biogeochemical regions and biochemical ecology, and analyze the factors affecting the mineral composition of animals' bodies. The reader is also introduced to water metabolism and the water requirements of animals; the metabolism of minerals absorbed into the digestive tract; and the kinetics of mineral metabolism in the blood, organs, and tissues. The next section is devoted to mineral feeding of various species of farm animals such as cattle, sheep, pigs, and poultry. This text concludes by looking at methods of controlling the adequacy of farm animals' mineral diet.

This book will be of interest to students and practitioners in agriculture and food science.

From reader reviews:

Alyson Hardy:

Why don't make it to be your habit? Right now, try to prepare your time to do the important act, like looking for your favorite guide and reading a reserve. Beside you can solve your trouble; you can add your knowledge by the publication entitled Mineral Nutrition of Animals: Studies in the Agricultural and Food Sciences (Studies in the agricultural & food sciences). Try to make the book Mineral Nutrition of Animals: Studies in the Agricultural and Food Sciences (Studies in the agricultural & food sciences) as your buddy. It means that it can to get your friend when you really feel alone and beside regarding course make you smarter than in the past. Yeah, it is very fortunated for you. The book makes you a lot more confidence because you can know anything by the book. So , let's make new experience and also knowledge with this book.

Sheila Carter:

This book untitled Mineral Nutrition of Animals: Studies in the Agricultural and Food Sciences (Studies in the agricultural & food sciences) to be one of several books which best seller in this year, here is because when you read this book you can get a lot of benefit onto it. You will easily to buy this kind of book in the book shop or you can order it by using online. The publisher of the book sells the e-book too. It makes you quickly to read this book, as you can read this book in your Smartphone. So there is no reason to you to past this e-book from your list.

Samuel Brooks:

Are you kind of active person, only have 10 or maybe 15 minute in your time to upgrading your mind ability or thinking skill possibly analytical thinking? Then you are experiencing problem with the book as compared to can satisfy your short period of time to read it because pretty much everything time you only find publication that need more time to be examine. Mineral Nutrition of Animals: Studies in the Agricultural and Food Sciences (Studies in the agricultural & food sciences) can be your answer mainly because it can be read by anyone who have those short extra time problems.

Ellis Dunn:

Beside that Mineral Nutrition of Animals: Studies in the Agricultural and Food Sciences (Studies in the agricultural & food sciences) in your phone, it could give you a way to get closer to the new knowledge or details. The information and the knowledge you might got here is fresh through the oven so don't always be worry if you feel like an old people live in narrow small town. It is good thing to have Mineral Nutrition of Animals: Studies in the Agricultural and Food Sciences (Studies in the agricultural & food sciences) because this book offers to you personally readable information. Do you oftentimes have book but you seldom get what it's all about. Oh come on, that would not happen if you have this inside your hand. The Enjoyable option here cannot be questionable, including treasuring beautiful island. So do you still want to miss the

idea? Find this book in addition to read it from right now!
