New Frontiers in Urban Analysis: In Honor of Atsuyuki Okabe

Bringing together the world's leading experts in Urban Analysis, this remarkable and critically acclaimed volume applies the theories and models of Atsuyuko Okabe, Japan's preeminent spatial analyst, to case studies in urban planning, transport, administration, and public health in the context of the highly advanced Japanese planning system. It includes information that has never appeared in English, covering the development of techniques in GIS, spatial modeling, and methodologies of spatial analysis as they are applied to urban environments. Each of the contributors has worked directly with or studied under Professor Okabe
