Desire that runs deeper than blood...

Solitary Shifters, Book 2

Colt Easton is easygoing, fun loving, good with little kids...and he occasionally turns into a beast capable of ripping out a man's throat. It's a family secret he'd be more than happy to keep—if there wasn't a little boy's life at stake.

A deathbed confession revealed the child could carry Easton blood. The only way Colt can monitor the boy is with a job at his day-care center. The problem? New laws decree that all shifters be tagged. No blood test, no job.

Dr. Jasper Glen is instantly drawn to the outgoing Colt and is certain any child would be safe in the handsome shifter's care. He ought to know—he's been studying shifters for years, even invented the blood test that now, to his shame, the government is using against them.

All it takes is a quick vial switch. Except Jasper's good deed blows the lid off a secret he didn't even know he was keeping. And triggers a chain of events that makes them all moving targets.

Warning: Contains hot shifter seduction, government goons, and a mad scientist.
