Working Inter-Culturally in Counselling Settings

What does it mean to work inter-culturally?

Our multi-cultural society is changing the parameters of counselling. *Working Inter-Culturally in Counselling Settings* explores how racial issues can be recognised and worked within a practical, clinical setting. The book looks at how the counselling setting can influence practice, and the book includes chapters in a range of settings, including:

- * counselling training and supervision
- * social work
- * the probation service and prisons
- * setting up counselling services in culturally diverse communities.

Aisha Dupont-Joshua, together with contributors of diverse cultural heritage, moves away from exclusive white models of thought, and adopts more of a world view, inclusive of cultural difference. *Working Inter-Culturally in Counselling Settings* will be invaluable for counsellors, trainers, supervisors and other mental health professionals.
