Mothers and Other Clowns (Routledge Revivals): The Stories of Alice Munro Magdalene Redekop

First published in 1992, this is the first study of the work of Alice Munro to focus on her obsession with mothering, and to relate it to the hallucinatory quality of her magic realism. A bizarre collection of clowning mothers parade across the pages of Munro's fiction, playing practical jokes, performing stunts, and dressing in disguises that recycle vintage literary images. Magdalene Redekop studies this with the aim of gaining increased understanding of Munro's evolving comic vision.
