"For years, pop-culture cultists have revered and adored a mysterious, brooding thirteen-year-old girl named Emily the Strange. Nobody knows much about the young girl with a porcelain face and huge eyes framed by black bangs, and her ever-present brood of black cats only adds to the intrigue but that hasn't stopped a generation of rabid fans from letting Emily put her spell upon them. Now, for the first time ever, Emily fans will be welcomed into her dark and, well, strange world a place where kitty friends talk, the ghosts of famous weirdoes come out to play, reality is never quite what it seems, and above all anyone who's ever been considered a little "strange" herself will be made to feel right at home. Dark Horse Comics and the creative minds behind Cosmic Debris are thrilled to present the first-ever Emily comic books, published as deluxe single issues with all-new stories and art. This issue features forty-eight pages of black, white, and red art (with the occasional outburst of full-color freak-outs!), illustrating a wacky range of Emily stories. Make sure to check out Emily's exclusive interview with punk-rock legends **\*\*The Damned\*\*!** "
