Contratos públicos Estudios (Spanish Edition) José Luis Benavides

La publicación que el lector tiene en sus manos reúne diversos artículos escritos en los últimos años sobre el tema de la contratación pública. La volatilidad legislativa y reglamentaria en la materia hace que la mayoría de libros se ocupen del seguimiento de la normatividad aplicable a los contratos de la administración, tanto los regidos por el Estatuto General de Contratación (Ley 80/93) y sus modificaciones como también los regulados por normatividad especializada en variados campos y regímenes particulares.

Esta labor de actualización jurídica, sin duda esencial, aplaza con frecuencia el tratamiento de temas transversales que, con independencia de la regulación cambiante y la especialización normativa, plantean problemas importantes de la contratación.

En esta perspectiva, el presente libro reúne distintos artículos que abordan temáticas relacionadas con las fuentes de la contratación pública y la dinámica contractual, tanto en lo que atañe a la definición de su tipología como al desarrollo de la ejecución de los contratos.
