Jaq's Harp Ella Drake

In a world of floating islands and bio-engineered beans, the bad guys are taken down by agents of the Mother organization—agents like Jacqueline "Jaq" Robinson. Instead of accepting her next routine assignment, she sets out on a mission of her own—to destroy Giant Corp, the company responsible for her sister's wasting illness. Jaq must steal her cure from Giant's headquarters high above the city...even though she'll be brought face-to-face with Harper English, the man who left her to go deep undercover at Giant.

For Harp, Jaq had been a distraction the mercenary thought he couldn't afford. But once he sees her again, Harp knows he's made a mistake. Even though she vowed he won't have her again, it's clear they still have a powerful attraction. Harp's determined to get a second chance with Jaq—*if* they can escape Giant Corp and get back to solid ground in one piece...
