**Theologizing en Espanglish (Studies in Latino/A Catholicism)** Carmen Nanko-Fernandez

"In the United States," writes Carmen Nanko-Fernandez, "las teologias latinas are theologies dreamed in Spanish, articulated in English, and lived in Spanglish. . . . This volume is part of that stream of theologizing that arises from within Hispanic particularity and that challenges the shortsighted notion that such theologizing is meaningful only to that ethnic particularity whose concerns shape its agenda."

Using fresh, often playful languages that gently tweaks the pretensions of mainstream academic theology, the author covers a range of topics, from the implications of population shifts on the identity of the church, to the role of the "everyday" or "lo cotidiano" in theology, and even to the global phenomenon of "beisbol."
