Basics of Video Production Des Lyver, Graham Swainson

Now fully updated by Des Lyver to reflect the latest advances, the second edition of Basics of Video Production is a primer for anyone wishing to learn about video production. It describes the principles and processes involved in obtaining professional results in educational, training and corporate environments.

Assuming little prior knowledge, this book takes the reader on a guided tour around a studio or location production, examining the production process from conceptualisation to the final screening. It features:

- the latest advances in low cost non-linear editing and digital video
- coverage of studio and location work
- descriptions of the role of each crew member
- full explanations of technical terms
- health and safety precautions
- practical advice on the equipment available and how to use it

Basics of Video Production aims to provide the reader with a rapid understanding of what is actually a complex process, without getting too bogged down in technical terms. It is equipment non-specific and references to technical matters are only included where necessary to understanding. Much of what is contained in this book will be directly transferable to film and sound courses as the basics and principles are the same.

From reader reviews:

Brian Grant:

The book Basics of Video Production can give more knowledge and also the precise product information about everything you want. So just why must we leave the great thing like a book Basics of Video Production? Several of you have a different opinion about guide. But one aim this book can give many facts for us. It is absolutely appropriate. Right now, try to closer with your book. Knowledge or details that you take for that, it is possible to give for each other; it is possible to share all of these. Book Basics of Video Production has simple shape but you know: it has great and massive function for you. You can look the enormous world by wide open and read a e-book. So it is very wonderful.

Mary Logsdon:

Playing with family inside a park, coming to see the ocean world or hanging out with close friends is thing that usually you could have done when you have spare time, then why you don't try issue that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Basics of Video Production, it is possible to enjoy both. It is excellent combination right, you still need to miss it? What kind of hang-out type is it? Oh occur its mind hangout guys. What? Still don't understand it, oh come on its known as reading friends.

Michael Becker:

Are you kind of active person, only have 10 or 15 minute in your day time to upgrading your mind skill or thinking skill possibly analytical thinking? Then you are receiving problem with the book than can satisfy your short period of time to read it because pretty much everything time you only find publication that need more time to be learn. Basics of Video Production can be your answer since it can be read by you actually who have those short free time problems.

Jason Faria:

As a pupil exactly feel bored in order to reading. If their teacher questioned them to go to the library or make summary for some book, they are complained. Just small students that has reading's internal or real their leisure activity. They just do what the educator want, like asked to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Basics of Video Production can make you sense more interested to read.
