Demarketing

Demarketing

We all understand the basic principles underpinning marketing activity: to identify unfulfilled needs and desires and boost demand for the solutions a product is offering. The mantra is always "sell more". De-marketing tries for the very opposite. Why would a company actively try to decrease demand?

There are many good reasons to do so: a firm cannot supply large enough quantities, or wants to limit supply to a region of narrow profit margin. Or, crucially, to discourage undesirable customers: those that could be bad for brand reputation, or in the case of the finance sector, high risk. De-marketing can yield effective solutions to these issues, effectively curtailing demand yet (crucially) not destroying it. Nevertheless, the fundamental negativity of de-marketing strategies often causes organisations to hide them from view and, as a result, they are rarely studied.

This then is the first book to cast light on the secretive, counterintuitive world of de-marketing, deconstructing its mysteries and demonstrating how to incorporate them into a profit-driven marketing plan. A selection of thought leaders in strategic marketing mix theory with illustrative global cases, providing insight into how these strategies have been employed in practice and measuring their successes and failures. It's a must-read for any student or researcher that wants to think differently about marketing.

From reader reviews:

Keith Barnett:

The book Demarketing can give more knowledge and information about everything you want. So just why must we leave the best thing like a book Demarketing? A few of you have a different opinion about book. But one aim this book can give many details for us. It is absolutely suitable. Right now, try to closer along with your book. Knowledge or information that you take for that, you can give for each other; you are able to share all of these. Book Demarketing has simple shape however, you know: it has great and big function for you. You can seem the enormous world by available and read a reserve. So it is very wonderful.

Billy Migliore:

Do you considered one of people who can't read gratifying if the sentence chained within the straightway, hold on guys this specific aren't like that. This Demarketing book is readable by simply you who hate those straight word style. You will find the data here are arrange for enjoyable reading experience without leaving even decrease the knowledge that want to supply to you. The writer associated with Demarketing content conveys objective easily to understand by lots of people. The printed and e-book are not different in the articles but it just different such as it. So , do you still thinking Demarketing is not loveable to be your top record reading book?

William Black:

Reading a guide tends to be new life style within this era globalization. With studying you can get a lot of information that will give you benefit in your life. Using book everyone in this world could share their idea. Guides can also inspire a lot of people. Lots of author can inspire their reader with their story or maybe their experience. Not only the story that share in the ebooks. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors nowadays always try to improve their talent in writing, they also doing some investigation before they write to their book. One of them is this Demarketing.

Cindy Mattis:

Is it you actually who having spare time in that case spend it whole day by watching television programs or just telling lies on the bed? Do you need something totally new? This Demarketing can be the answer, oh how comes? The new book you know. You are and so out of date, spending your time by reading in this new era is common not a nerd activity. So what these publications have than the others?
