Se aprestan los últimos detalles, el vestuario ruge y calla al mismo tiempo. Los masajistas hacen su trabajo sobre la musculatura de quienes minutos después escribirán una nueva página en la historia del fútbol, los utileros cuentan cada elemento una vez más para evitar sorpresas, los fuertes olores a linimentos y cremas se mezclan con el vapor de alguna ducha abierta y se cuelan por todos los rincones... El fútbol es una escuela de liderazgo, una fábrica constante de nuevas tácticas y estrategias. Allí, en el campo de juego, nos están esperando las lecciones más claras de espíritu de superación, comunicación, coordinación, solidaridad, juego en equipo, lealtad y, por qué no también, de cobardía y caos organizativo. El fútbol es capaz de introducir nuevos conceptos y modalidades en la conducción de equipos de trabajo para romper con las formas convencionales de pensamiento. Este libro propone aplicar las estrategias y tácticas de los más exitosos directores técnicos al mundo de los negocios. El resultado es un recorrido apasionante para lograr la superación personal.
