Psicología de la violencia Tomo I. Causas, prevención y afrontamiento (Spanish Edition) Marco Eduardo Murueta, Mario Orozco Guzmán

En América Latina se vive una etapa muy violenta desde inicios del Siglo XXI. En México, en la actualidad, cada vez hay más expresiones de delincuencia organizada y crece también la violencia impulsiva y el suicidio. Las ejecuciones colectivas e individuales como secuestro, asesinato, asalto, extorsión y fraude son también parte de las noticias cotidianas. Mucho de ello tiene relación con el narcotráfico debido al aumento desmesurado en el consumo de drogas, sobre todo en EUA.

Los esfuerzos de los gobiernos para tratar de detener o "abatir" a los delincuentes son claramente insuficientes. Filósofos, antropólogos y psicólogos importantes han considerado que los seres humanos son agresivos por naturaleza, pero hay otros que opinan todo lo contrario, que la agresividad es una enfermedad. En esta obra, un conjunto de destacados psicólogos de varios países latinoamericanos analizan diferentes facetas de las expresiones violentas que se viven actualmente y proponen alternativas realistas para superarlas.
