Reassessing Egalitarianism

Jeremy Moss

Reassessing Egalitarianism Jeremy Moss

Achieving social equality has been an important aim of modern democratic societies. Yet the process has engendered debate about the nature of equality and the consequences of its application. Why is equality valuable? What kind of equality should be aimed for? When is inequality justified? Should a principle of equality apply globally? The book assesses and links the different dimensions of equality and asks whether recent writing on the topic has the philosophical substance and political force traditionally associated with egalitarian thought.
